

ENVIRONMENTAL MANAGEMENT POLICY ARRANGEMENTS IN PLACE

The objective of FOLEY LIMITED is to run its operations avoiding unnecessary or unacceptable effects on the environment. Any effects will be minimised as far as practicable. Environmental considerations will be given equal importance to the more traditional business issues such as production, research, sales, and finance.

The Company will work towards achieving its environmental objectives by,

Minimising the impact of all its operations on the local and global environment and the quality of life of the local communities in which the Company operates.

Meeting all relevant statutory regulations.

Maintaining the cleanliness and appearance of premises to the highest practical standards.

Aiming for efficient use of all resources used in its designs operations and by reduction of waste through process improvements. Allowing for the recycling of material wherever feasible and further positive steps are taken to conserve resources, particularly those that are scarce or non-renewable.

Fully considering, in advance where possible, the environmental effects of any significant new development and adjust the Company's plans and approach to design work accordingly.

Providing customers with the information necessary to enable our designs to be properly implemented and used, stored and disposed of so as to avoid unacceptable effects on the environment.

Working with suppliers to ensure that the products and the services they supply are environmentally acceptable.

Providing the necessary information to enable Employees to operate the processes properly and with minimal effects on the environment.

Duty of Care

The duty of care under the Control of Pollution (Amendment) Act 1989, Environmental Protection Act 1990 and Controlled Waste Regulations 1992 is recognised by the Company during the undertaking of its works and is met with by the following basic principles:

- a. Preventing anyone keeping, depositing, disposing of or recovering our 'controlled waste' without a waste management licence or an exemption from the need for a licence.
- b. Stopping materials escaping from our control or the control of anyone else by packaging it appropriately.
- c. Ensuring waste is only transferred to an authorised person. Making sure that a person or business is authorised to deal with our particular type of waste.
- d. Ensuring that the waste being transferred is accompanied by a written description that will enable anyone receiving it to dispose of it or handle it in accordance with his or her own Duty of Care.

Where F LTD conduct works, which may have an effect on the environment, careful planning will be implemented to reduce the risk of pollution.

F LTD recognise most pollution incidents are avoidable, and the measures to avoid pollution can in most instances cost very little if included at the planning stage.

SIGNED

JOHN FOLEY

MANAGING DIRECTOR
